Speaker has amazing personal principles efforts in defining medical issues and fighting for the help of sorting these issues e.g (create a public web site to address drug shortage and publish that

LLIKEIT

Difficulties of Session:

Large number of audiences

Reflection and Interpretation of Session:

Learn from history of medicine admitting CanMED roles Use history of medicine to solve current medical issues e.g drug shortage

Consideration of Future Strategies for Managing Similar Sessions (Analysis):

I would do the same because I admire such way of doing lecture
